INTRODUCTION & GENERAL INDEX

H. A. MANNING CO., publishers of Directories for over 300 Communities, present to subscribers and the general public, the latest edition of the City Directory.

Confidence in the continued growth, industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting the community to the world.

The Position occupied by MANNING'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an experienced organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Directory will fulfill its mission as a source of authentic information pertaining to the city.

FOUR MAJOR DEPARTMENTS

The four major departments are arranged in the following order: —

I. THE DESCRIPTIVE SECTION is the first major department printed on white paper: information about statistical review, historical sketch, manufacturing, trade and civic surveys, indexes, and deluxe advertising.

II. THE YELLOW PAGES constitute the second major department of the Directory. This embraces the **only complete list** of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings — a catalog of all the activities of the city. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller and plays an important role in the daily activities of the commercial, industrial and professional, world.

III. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the third major department printed on white paper. This is the **only record** in existence that aims to show the name, marital status, occupation and address of each adult resident, and the name, official personnel, nature and address of each firm, corporation and organization in the city.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, is the fourth major department. In this section the streets are arranged in alphabetical order: the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of householders and concerns are placed opposite the numbers. The names of the intersecting streets appears at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the indication of telephone subscribers at homes and places of business. Continued in this edition are phones by location.

COMMUNITY PUBLICITY — The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium and community service.

PUBLISHER'S NOTE — The information in this Directory is gathered by an actual canvass and is compiled in a way to insure maximum accuracy.

The publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors or omissions, hence no responsibility for same can be, or is assumed.

The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the Directory.

RUTLAND

"The Marble City"

RUTLAND COUNTY

The publishers of this Directory have attempted in the following pages to give the outstanding features of the City of Rutland. The local resident or businessman as well as the potential visitor will have at hand a ready reference about the city and its people. The purpose here is to portray as much of Rutland's charm and greatness as is consistent with facts.

The Directory is in effect an encyclopedia of information about the city. It shows localities, street changes, growth of sections and general city changes. The names of residents give evidence of racial characteristics, which is helpful to anyone making a detailed study of Rutland.

The Rutland Directory becomes a part of the Free Library Exchange System of North America, and through this medium disseminates information about the city far and wide.

LOCATION — Rutland, known as "The Marble City," is located midway of the State north and south. It is about 15 miles from the western boundary and has many of the characteristics of the great neighboring State of New York. Distances as follows to important eastern points: New York 250 miles, Boston 167, Montréal 158, Philadelphia 325, Baltimore 420, Burlington 68, Montpelier 66, Bellows Falls 51, Glens Falls 50, Bennington 57, North Adams 77, Ogdensburg 210, St. Johnsbury 106, Brattleboro 77, Schenectady 92, Buffalo 359, Chicago 909, Elmira 286, Troy 86.

TOPOGRAPHY — Probably no important city in New England has so grand a setting as Rutland. The city lies among picturesque lakes and streams, the encircling mountains are near, yet far enough away to give plenty of building room, and the broad valley running north and south for many miles is one of the beauty spots of America. Noted mountain peaks of the Green Mountain and Taconic ranges can be seen from high parts of the city. The highest peak visible is Mt. Killington, over 4,241 feet. City is 561 feet above sea level. Rutland County contains an area of 929 square miles, water area of 100 acres.

HISTORICAL — The history of Rutland vies with any city in the land of interest. It was settled in 1761, and by 1774 there were 35 families. In common with all frontier settlements it suffered from the depredations of the Indians, and also from the Colonial and Indian Wars. Probably named for Rutland, Massachusetts, because the first

grantee of the charter of township was a John Murray from that town. Incorporated a city in 1892.

RECREATIONAL — Rutland is happily situated for the health and pleasure of its citizens and visitors in their leisure hours, and Rutland is in the midst of an outdoor country of great appeal. It is located in a broad valley, and looking to the east is the incomparably beautiful Green Mountain range, with its Killington, Shrewsbury and Pico Peaks forming a most fascinating skyline. To the west are more unusually beautiful mountains, Birdseye Mountain and the northern end of the Taconic Range forming the western wall of a very attractive valley running into Massachusetts and the Berkshires and to the north a broad valley reaching into the Champlain Valley. From any high point in the city of Rutland can be seen Taconic range mountain peaks to the southwest, which separates Vermont from New York state.

It is probable that no place exists in northeastern United States with more natural advantages for outdoor sports and recreation. In summer the atmosphere is buoyant and healthful and lends to physical activities, whether on the golf course, tennis courts, swimming pools or parks. Mountain climbing within a few miles of city. The trail to Mt. Killington, over 4,200 ft. in height, is a notable mountain climbing stunt. For lesser climbs there are Shrewsbury 3,700 ft. and Pico 4,000 ft., and trails in the Green and Birdseye Mountains. Lake Bomoseen at a distance of 12 miles is of crystal clear water, some 10 miles long. Lake Dunmore, 26 miles north of the city, on U.S. Route 7, is also a Rutland recreational attraction for camping, boating and bathing, with several other lakes nearby.

The proximity of the "Long Trail" passes within 10 miles of Rutland doubling along the ridge of the Green Mountains, and crossing following highways: 11 east of Manchester Center, 103 east of Wallingford, U.S. 4 east of Rutland, and 115 east of Brandon, also an unimproved highway east of East Clarendon at Cold River. This trail skirts the peaks of Killington and Pico. This is one of the most famous trails in eastern North America, and is popular. Rutland is one of the supply points on this trail.

Six of Vermont's finest ski areas surround Rutland. Pico Peak has long been a favorite of ski enthusiasts and the Killington Basin Ski Area now undergoing \$50,000,000 expansion program, including the longest gondola ride (3½ miles) in the nation. Okemo, Round Top, High Pond, and Apple Hill draw thousands of skiers from all part of the East, satisfying every ski enthusiast from novice to expert.

INDUSTRIAL — Rutland is a leading community. There are 48 plants making a variety of more than 50 products valued at over \$22,000,000. A number of nationally known firms are included in Rutland's manufacturing family: General Electric Co., Howe Richardson Scale Company, Rutland Fire Clay, Tuttle Law Print, Tampax Inc., Moore Business Forms Inc., Metromail div. of Metromedia Inc., Electric Materials and Systems Division, 3M Company, Carris Reels, Rutland Plywood Corp., Vermont Marble Co., Mal Tool, Division of Gulf & Western, Dick's Dress Co., G. H. Grimm Co., Killington Mfg. Co., Killington Wood Products, Holmes Iron Co., Patch-Wegner Co., White Pigment Co., RFL Industries, Rollers By Baker. Products manufactured in Rutland include medical products, awnings, flags, books, reels for electric wiring, mica insulation, ing paper, tile, women's clothing, roof cement, castings, legal forms, scale machinery, stone working machinery, aircraft accessories, garden tools, iron castings, mattresses, finished marble products, maple sugar utensils, marble, jewelry, electronics, wooden bowls, steam boilers, gloves, slippers, inert pigment and fillers and wood products. Quarrying of marble, slate, lime, talc, soapstone is extensively carried on in the Rutland area. Agriculture, fruit raising and dairying are important in this county. 92% of the labor supply is native born. The Greater Rutland Industrial Park offers excellent facilities for industrial concerns seeking a site. Firms seeking information contact the Rutland Region Chamber of Commerce.

FINANCIAL — Rutland has six banks and a cooperative savings and loan association. There are four commercial banks and two savings banks. The total resources of the six banks and loan association covered by the directory are \$448,199,789.

EDUCATION — There are seven public elementary schools, one high school and a junior high school with enrollment of 3,734. The Parochial School System includes two elementary and one high school with enrollment of 1,581. The recently expanded public Library has over 64,000 volumes. Directory Library has 360 volumes covering 1,200 cities and towns at Chamber of Commerce and maintained by H. A. Manning Company.

POPULATION — The 1970 population of Rutland City is 19,007. Recreational Rutland

JOHN W. CIOFFREDI, Supt. — Office at
Edward W. Lawrence Recreational Center, 86 Center St.

In promoting a greater and better city it has been the aim of the planners of future Rutland to give full emphasis to the pleasure and health aims for our citizens. Foremost on this plan is the Municipal Recreation Department which offers a year-round recreation program for all ages interests and abilities. Other natural recreation facilities include hiking, mountain climbing, trail tramping, snowshoeing, skiing, camping, picnicking, and just pure relaxation in the buoyant, healthful atmosphere of Rutland County.

The Municipal Recreation Department of Rutland has a large recreational center and two small year-round recreation centers, four major playgrounds, three minor playgrounds, six tennis courts, two swimming pools, three baseball fields, one illuminated for night games, three ice skating rinks and a portable ski tow. The program of the Recreation Department is a year-round schedule of physical, artistic, aesthetic and educational activities of all age groups, temperaments and interests, including well known summer band concerts. The Recreation and Parks Department also sponsors a Senior Citizens Center for all the city's senior citizens.

Rutland County also offers excellent bass, trout and pike fishing in its many lakes and mountain streams. A record number of deer were taken during open season in the county woods. Foxes, rabbits, and bears are also plentiful.

Rutland offers great potential for winter sports with two of Vermont's finest ski areas within 15 miles of the downtown section.

EDWARD W. LAWRENCE RECREATION CENTER

Competitive sports of our High Schools with those of other cities and towns in Vermont and neighboring states have long been outstanding. Baseball, Football, Basketball, Tennis are part of the regular school schedule of athletics.

Rutland has received recognition from its excellent junior ski program. Junior skiers from Rutland walked off with national honors and continually place among the top competitors in the eastern United States.

It is coming increasingly into the picture of Recreational Rutland that this is a very healthful climate and sports are a part of that climate.

secures its information at the source from personal interviews by a complete door - to - door canvass which is a very expensive publishing operation. The City Directory's reliability and accuracy of detail are dependable, with a reasonable allowance for human error, late changes and absence of people from home.

*Ever think how much
goes into publishing
a city directory?*

Contemplate ringing every doorbell in town . . .
interviewing each resident, noting thousands of ad-
dress changes, deaths, marriages, phone numbers, post-
ing every new name by hand, debating every confiction,
administering over a 60% change in the listings, proof-
reading over 300,000 lines of copy, printing, binding,
billing, distributing . . . and then six months later, start-
ing all over again. Sometimes there isn't time to think.

We like our work. We're proud of it. We hope you
like it too.

THE ADVERTISING CODE OF AMERICAN BUSINESS

- 1. Truth . . .** Advertising shall tell the truth, and shall reveal significant facts, the concealment of which would mislead the public.
- 2. Responsibility . . .** Advertising agencies and advertisers shall be willing to provide substantiation of claims made.
- 3. Taste And Decency . . .** Advertising shall be free of statements, illustrations or implications which are offensive to good taste or public decency.
- 4. Disparagement . . .** Advertising shall offer merchandise or service on its merits, and refrain from attacking competitors unfairly or disparaging their products, services or methods of doing business.
- 5. Bait Advertising . . .** Advertising shall offer only merchandise or services which are readily available for purchase at the advertised price.
- 6. Guarantees and Warranties . . .** Advertising of guarantees and warranties shall be explicit. Advertising of any guarantee or warranty shall clearly and conspicuously disclose its nature and extent, the manner in which the guarantor or warrantor will perform and the identity of the guarantor or warrantor.
- 7. Price Claims . . .** Advertising shall avoid price or savings claims which are false or misleading, or which do not offer provable bargains or savings.
- 8. Unprovable Claims . . .** Advertising shall avoid the use of exaggerated or unprovable claims.
- 9. Testimonials . . .** Advertising containing testimonials shall be limited to those of competent witnesses who are reflecting a real and honest choice.

TO FIND A NAME YOU MUST KNOW HOW TO SPELL IT

There are many ways of spelling some names with practically the same pronunciation

When the name of a corporation, factory or firm appears immediately after the name, it indicates the place of business. After the name of a street, the word "Street" is omitted.

The post office address is given only when the same does not correspond with the name of the town.

THE CITY DIRECTORY

secures its information at the source from personal interviews by a complete door - to - door canvass which is a very expensive publishing operation.

It is the only complete census for public service. The City Directory's reliability and accuracy of detail are dependable, with a reasonable allowance for human error, late changes and absence of people from home.

TO FIND A NAME YOU MUST KNOW HOW TO SPELL IT

There are many ways of spelling some names with practically the same pronunciation

When the name of a corporation, factory or firm appears immediately after the name it indicates the place of business. After the name of a street, the word "Street" is omitted.

The post office address is given only when the same does not correspond with the name of the town.

TO FIND A NAME YOU MUST KNOW HOW TO SPELL IT

There are many ways of spelling some names with practically the same pronunciation

When the name of a corporation, factory or firm appears immediately after the name, it indicates the place of business. After the name of a street, the word "Street" is omitted.

The post office address is given only when the same does not correspond with the name of the town.

The City Directory

BARS NO PROFESSION, BUSINESS, INDUSTRY, OR INDIVIDUAL FROM REGISTRATION IN FULL. FOR THAT REASON THE PROFESSIONAL MAN CAN, WITH PROPRIETY, LIST HIS SPECIALTY FOR THE BENEFIT OF THE PUBLIC THE SAME AS HE HAS HIS NAME OR SIGN WITH OFFICE HOURS AT HIS PLACE OF BUSINESS. THIS IS ETHICAL FOR AN INFORMATION BUREAU.

THE BEST ADVERTISING MEDIUM IS THE

CITY DIRECTORY

THE AUTOMATED, ECONOMICAL WAY FOR ACCURATE
UP-TO-DATE DIRECTORIES, CATALOGS and LISTINGS

HERE'S HOW WE DO IT:

1 Your information is VariTyped on an IBM card. One proofreading serves for all future uses. Cards may be keypunched for automatic sorting.

2 The cards are then photographed at the rate of 7,200 per hour.

3 A direct reading negative or positive of the entire column or page is processed ready for platemaking and printing.

4 Cards are retained for re-use. Only new information is retyped. Reusable cards mean substantial savings. No costly typesetting or proofreading.
